Notes of Guidance

Completion of Medical Review Certificate for Suspended 3rd Tier Pensioner

Review 3 or more years after the cessation of the 3rd tier pension, and before Normal Pension Age, where cessation of employment occurred after 31 March 2014

The Completion of the Form

- If **2A** is ticked, the 3rd tier ill health pension remains suspended as, in the independent registered medical practitioner's opinion, the member does not satisfy the requirements to have it brought back into payment.
- If **2B** is ticked, the employer can determine to bring the suspended 3rd tier ill health pension back into payment from the date they so determine. Pensions Increase will be payable under the Pensions (Increase) Act 1971 even if the member is under age 55.
- The opinion given by the approved registered medical practitioner does not, in itself, determine whether the suspended pension is brought back into payment. Nor should the medical practitioner indicate to the individual that a benefit under the LGPS will be payable. It is for the former employing authority to make the formal determination. If the former employer agrees to bring the suspended Tier 3 ill health pension into payment early, the pension is payable from the date of the former employer's determination that the member meets the criteria for early release of the suspended Tier 3 ill health pension under the LGPS (and not from the date of the member's application for early payment or from the date the IRMP signs this certificate).
